LONELY ME

verse one:
Lonely me, I sit all by myself
And think how fun life used to be
Before my best friend moved away.
Right next door, I had a second family
That's not there anymore.
When I walk by, I wanna cry.

chorus:
It hurts to be lonely me.
The world goes 'round so quietly.
I know they're gone—the blinds are drawn.
Reflected in the window, all I see
Is lonely me.

bridge:
I told my mom and dad I'm really, really sad.
They held me close and said, "We're sorry…"
Still,

(repeat chorus)

verse two:
In the car, my folks give me a snack
Because the ride is kinda far.
"Where are we goin'?" They won't say.
Suddenly, we're turning down a street,
And I hear someone calling me.
Around the bend, comes my best friend!

chorus three:
Happy me, now I see
My friend will still be there for me.
Good-bye and then, hello again.
Now I don't have to be,
No, I don't have to be
Lonely me.
