

A Class Family

Chorus

*We're a family with class,
A class family!
If one day you visit us,
Then you will clearly see,
We're very clever at living together,
We're growing and learning in harmony.*

Verse 1

We help to make our classroom run with ease,
Respecting rights and responsibilities;
Participating in all activities,
We're working together in unity.

Chorus

Verse 2

We know we won't be perfect, there is no doubt.
Problems arise, we try to sort them out;
Behaving graciously, we never shout.
Understanding is what we're all about.

Chorus

Verse 3

Healthy and safe is what we try to be.
We listen well and line up quietly;
Never push or shove, we're so friendly.
We're living together so peacefully.

Chorus

Verse 4

The rules of our class are there for all to see,
Helping us to behave respectfully;
Trying to communicate openly,
Our classroom is a happy place to be.

Chorus

*We're a family with class,
A class family!
If one day you visit us,
Then you will clearly see.
We're very clever at living together,
We're growing and learning in harmony.
We're very clever at living together,
We're growing and learning in harmony.*
