

# Places At School

## Verse 1

There are places at our school for housing this and that;  
Hooks outside our classrooms where we hang our bags and hats.  
This classroom is the place we'll come to spend most of our time,  
Where we'll learn and grow together, sounds just fine!

## Chorus

*So many places at our school,  
We think that they are really cool!  
Each one of them has its own rules;  
So many places at our school.*

## Verse 2

The principal and deputy have their own offices,  
Next to the one where the secretary is;  
She is the one who knows so much about what's going on,  
Everyone relies on her, she gets things done!

## Chorus

## Verse 3

The Library is the quiet place we go for books to read,  
Then there is the tuckshop where we go to buy a feed!  
A meeting room for talking about most important matters  
And a staffroom where our teachers go to chatter!

## Chorus

## Verse 4

When we have assembly we all gather in the hall.  
You will find the sports shed is where we store bats and balls.  
Computer, art and music rooms, I could go on for hours;  
Garden beds to grow our vegetables and flowers!

## Chorus

## Verse 5

The playground is the outdoor place we go to eat and play.  
If someone's not feeling well, they can go to sick bay.  
If you have lost an item, go straight to lost property.  
Use the rubbish bins to keep our school yard clean!

## Chorus

## Verse 6

Just outside our school grounds is the place where buses stop,  
Then there is another place that's known as 'Kiss and Drop'!  
Before we end our song there is another room to mention,  
Where the misbehaving kids go on detention!! (Uh Oh!)

## Chorus
