

## 8. We're Twins

(words by David Heitler-Klevans, with Ari, Jason & Jenny; music by David Heitler-Klevans © 2006)  
*Many people know that Jenny and David had twins because of their group name "Two of a Kind". David wanted to write a song for Ari & Jason to sing about being twins, exploring the pros and the cons.*

(Chorus:)

Yeah, we're twins - we're alike but not the same  
Yeah, we're twins - you might have to guess our names

(Jason:)

It's great to be a twin - we're never ever lonely  
We've always got a friend at home  
But there are days when I need my own space  
Sometimes I want to be left alone -

(Chorus)

(Ari:)

Since we're the same age, we like to play together  
We do the same activities  
The friends of one become the friends of the other  
We have so many compatibilities -

(Chorus)

(Bridge 1:)

(Ari:) Sometimes, people are annoying  
and we wish they'd just go away

(Jason:) They're always asking us "Who was born first?"

(both:) "What's the difference?", we say, "we were born the same day!"

(Chorus - Instrumental)

(Ari:) Remember that time when we dressed alike at school?  
Confusing people can be fun

(Jason:) My teacher saw you in the hall and called you over  
She didn't realize you were "the other one"!

(Chorus)

(Jason:) Some people think that we're the same person

(Ari:) To them, we're look-alike freaks

(Jason:) But I'm the only one who thinks just like me

(Ari:) If you look deeper, you'll see that I'm unique

(Chorus)

(Bridge 2:)

(Jason:) Sometimes, people are annoying  
and we wish they would go away

(Ari:) Some people ask us "Which one's smarter?"

(both:) But we're both too smart to say

(Final Chorus:)

Yeah, we're twins  
and we think it's obvious  
so please, don't ask us if  
We're twins, we're twins  
We were both born on one date  
from one egg that separated  
and created twins!
