Gammi taught me long ago,  
A little trick that you should know  
It's just as easy as can be  
Treat your friend like Family.

Be nice be nice and when you do,  
Your Gammi will be so proud of you  
She'll give a smile that's just for you,

It's special to be nice.  
It's special to be nice  
To give all of your love  
To people in your life,  
It's special to be nice.

Be nice be nice it's really fun,  
To turn a cloud into the sun  
It's very true for everyone  
So special to be nice

It's sometimes hard I know that's true  
You might not know just what to do  
But Gammi's trick is tried and true  
It's special to be nice.

One day I'll be a Gammi too  
I'll know exactly what to do  
I'll hold my children close to me  
And treat my friends like Family
