

Water Song

Listen to rain falling down
It makes such a beautiful sound
In rhythm it falls to the ground
Just close your eyes

The sun takes the water from rain
Back to the sky where it waits
Until the clouds form once again

And the water comes down from the clouds into the streams
Through the mountains and down to the rivers running free
Through the valley it flows to the lakes or to the sea
Perfectly

Let's take a walk on the shore
Hear the birds sing as they soar
Feel the sea breeze on your skin
Just close your eyes

The ocean has something to say
You can hear the Earth call through the waves
Take care of me night and day
And I'll always stay

And the rain will come down from the clouds into the streams
Through the mountains and down to the rivers running free
Through the valley she'll flow to the lakes or to the sea
To the sea
Perfectly
