

CITIZENSHIP

words and music by Dave Kinnoin

verse one:

We noticed that the local park
Was not lookin' pretty.
We scratched our heads and promptly formed
An ad hoc committee.
We devised a plan and divvied up
Responsibilities.
We all got to it. Before we knew it,
We started planting trees!

chorus:

Citizenship.
Citizenship.
Working together is quite a trip.
It's lots of fun and meaningful and totally hip.
Citizenship.

verse two:

Our soccer team was feelin' low
'Cause our sponsor stated
Our monetary fun was somewhat
Under-inflated.
"Computer Fix-It Day" was hatched—
People came in swarms.
We scrolled and pointed and soon anointed
Our brand-new uniforms!

(repeat chorus)

bridge:

You meet the nicest people!
You do exciting things!
The part that's most appealing
Is the warm, inviting feeling it brings!

(repeat chorus)
