

# HOW GOOD IT FEELS

words and music by Jimmy Hammer and Dave Kinnoin

## **verse one:**

My dad looks weary—  
Think he has too many things to do.  
Our car is broken,  
And our sink could use some fixin', too.  
I strap my tool belt on,  
Tell my mom exactly where I'll be.  
There's a man whose hands are gettin' greasy  
Who's about to have some company.

## **chorus:**

How good it feels to be there for someone else.  
How good it feels to love more than just myself.  
Goin' down life's road with my heart on wheels.  
I wish everyone could know how good,  
How good it feels!

## **verse two:**

Our neighbor lady  
Had an operation on her hip.  
She needs some groceries,  
And the market is too long a trip.

I strap my helmet on,  
Tell my dad exactly where I'll be.  
Soon this woman's gonna have a great meal,  
And it's partly on account of me!

## **(repeat chorus)**

## **bridge:**

It feels like a million stars all came out at once  
And led me to a moment so bright,  
Everything had to turn out just right.

## **(repeat chorus)**

## **tag:**

I wanna spread it around—  
Tell ya 'bout the joy I've found.  
Gonna give out a shout  
Till ya know what I'm talkin' about.  
Talkin' 'bout how good it feels,  
How good it feels.
