

IN AMERICA

words and music by Dave Kinnoin

verse one:

In America, a kid can dream
And make that dream come true.
With a lot of work and a little luck,
You just might see it through.
You can make some friends
And start some trends
And catch a shooting star.
You can make mistakes and hit the brakes
And find out who you are...

chorus:

In America, in America,
Freedom fills the air. Hope is everywhere.
See you there in America!

verse two:

In America, true liberty is not enjoyed by all.
That's when heroes rise and give a voice
To those too weak to call.
You can have a cause and change the laws
And fight to right a wrong.
You can bravely steer through pain and fear
And find where you belong...

(repeat chorus)

bridge:

Gather all your wits about you.
Take your shot—all you've got!
Maybe you can have some fun
And share your gifts, one by one.

(repeat chorus)
