## **verse one:**

It looks like you have a piece of pie  
Big enough for two, and you know that's my  
Favorite thing in the world.  
Before you eat it all and leave me squat,  
Here's some food for thought:  
What if someday somehow we are forced to fight a dragon,  
And you realize you left your trusty sword back in the wagon,  
And just as I come running up to offer you my spare,  
That's when I remember,  
That's when I remember...

## **chorus:**

We don't share.  
We don't share.  
Go ahead and be that way.  
That's a game that two can play.  
Maybe you'll regret someday  
That we don't share.

## **verse two:**

You sit and gloat as you watch TV,  
Clutching the remote and denying me  
My favorite show in the world.  
If you won't give it up, just look what you'll miss  
By clickin' on this:  
What if we must solve a differential equation,  
And we're runnin' out of time before the alien invasion.  
We both get to the answer, but I barely beat you there,  
So I take all the credit.  
I take all the credit 'cause...

## **chorus two:**

We don't share.  
We don't share.  
I won't help you, you won't help me—  
That's the kind of friends we'll be.  
Forget about camaraderie  
'Cause we don't share.

**bridge:**

I'll be your pal until you need me to  
Give up something that matters to me.  
You might forget, and then I'll remind you  
It was your big idea...

**chorus three:**

We don't share.  
We don't share.  
What's yours is yours,  
What's mine is mine.  
If you're okay with that, well, fine.  
Even if it's asinine,  
We don't share.
