

The Fourth of July

Three cheers for the red, white, and blue!
Three cheers for the birth of our country.
In seventeen seventy-six
We became independent and free.
And now on the Fourth of July
We remember the story of our nation.
We all come together as one
To sing a song and march along in celebration!

So let the music play and let the fireworks go off!
So let the music play and let the fireworks go off!
We will cheer hooray in the night
As the sky fills with colors and lights.
We'll all wear red, white and blue
To show our spirit true.
We'll wave our flags on high—
The flags are a symbol of our nation.
The Fourth of July is the day
We stand as one United States in celebration.
