The 9 Timestables

by Kathleen Wiley

Soon the fall leaves will need raking... 9 x 2 I know is 18.
They'll rise up...like bread with leaven... 9 x 3 is 27.
Pile them high!! Make sure no sticks!!!..... 9 x 4 is 36.
Then get back and run and dive.... 9 x 5 is 45.
Then when we have gathered more.... 9 x 6 is 54.
Have the neighbors come to see.... 9 x 7 Is 63.
Oh!! This is great fun to do!!!.... 9 x 8 is 72.
Don't you think that this is fun?..... 9 x 9 is 81.
Let's do all this math aeain!!!..... 90 = 9 x 10.
