

Family Tree

Introduction

Family, family, no matter how you look at it, we're family;
Grandparents, fathers and mothers,
Aunties, uncles, sisters and brothers,
Cousins and of course there's me!
We all form a family tree.
We all form a family tree.

Verse 1

A family is a kind of school,
Where we all learn life's rules.
Each member is a priceless gift,
A precious jewel.
Whenever we are feeling sick,
Grumpy, lonely, sad,
Our families help us deal with it,
So it's not so bad. It's not so bad.

Chorus

We're family, family and we all form a family tree. We all form a family tree.

Verse 2

Whenever you are feeling down,
Or suffering from doubt,
A family is there for you,
To help you out.
They stand together, come what may,
That's what families do,
Because they share a special bond,
They believe in you! Believe in you!

Chorus

Verse 3

No matter if you're young or old,
Or somewhere in between,
It's nice to know you have someone
On whom to lean.
Though it's not perfect all the time,
When we fight and moan,
It's great to have a family
We can call our own! Can call our own!

Chorus

Verse 4

Our families guide us on our way,
We learn what's right and wrong;
We really feel that it's the place
Where we belong.
A family's where it's one for all
And it's all for one.
Our favourite times will always be
When we all have fun! We all have fun!
